

Don't try to trick the law. DUI's aren't much of a treat.

Don't let this Halloween turn into a nightmare. When alcohol is involved in the celebration, the effects can be greater than a hangover – especially when it leads to getting behind the wheel. The National Highway Traffic Safety Administration reports that Halloween is one the deadliest holidays on U.S. highways.

We want to remind you that the average-sized man or woman who consumes more than two alcoholic beverages is over the

0.08% BAC

legal limit to operate a vehicle.

UCPD will be conducting:
DUI Checkpoints.
Party Patrols.
Saturation Patrols.

\$500 to \$15,000

in legal fees

+ \$1500/year

for SR22 insurance

Be a Good Neighbor for Halloween

Halloween might mean a big celebration – but not for everyone. Remember, show respect for Riverside residents on your way to and from happenings - keep noise down, keep off private property, and drive slowly on streets or freeways. Have your fun – and let the community sleep. We're in it together.
